after September 15th. 507 283 1307

Dear Bison Producers,

As you are aware, due to the 2008 discovery of TB in the Northwest area of MN, Minnesota is no longer considered a TB free state. Regulations and other yet unknown factors regarding state TB status have required us to again change this year's auction status. **We will NOT be testing sale animals this year.**

Live Minnesota Bison may NOT be transported out of the state.

Thank you for your interest.

Rick White
Blue Mounds and Split Rock Creek Park Manager
